Ode To Mort

In a cottage in Brandon Wilde, with trees tall not short, Lived incredible Boots with her husband, Great Mort. They gave us much in the years that are past, Their Legacy will be honored, the gifts will last. Presidents both of the Temple and "Y", Opera Association, Federation, they always aimed high. Mort, respected, well known podiatrist Doc, Traveled for years to treat Israel's new flock. For many years, he served with competence and passion, Combining knowledge and skill in a wonderful fashion. Mort, a pioneer in his field, (we can say with emotion) Invented a way to study the human foot in full motion. A teaching tool with a unique presentation, Used in medical schools across our great nation. Handball and sailing were two of his passions, Part of why he was known as a man of action. He came from a family with deep and strong roots, And now he is with his beloved wife Boots.

We Remember Them

At the rising of the sun and at its going down
We remember them.
At the blowing of the wind and in the chill of winter
We remember them.
At the opening of the buds and in the rebirth of spring
We remember them.
At the blueness of the skies and in the warmth of summer
We remember them.
At the rustling of the leaves and in the beauty of autumn
We remember them.
At the beginning of the year and when it ends
We remember them.
As long as we live, they too will live, for they are now a part of us as
We remember them.
When we are weary and in need of strength
We remember them.
When we are lost and sick at heart
We remember them.
When we have joy we crave to share
We remember them.
When we have decisions that are difficult to make
We remember them.
When we have achievements that are based on theirs
We remember them.
As long as we live, they too will live, for they are now a part of us as
We remember them.

Dr. Morton Wittenberg was born in Philadelphia and lived in
Augsburg for a while before serving in the Air Force at the end of
World War II. He was captured by the German Army and
spent one harrowing hand-bound
prison, a place that has
been immortalized in the
hit song, "The Ballad of
Dr. Morton." He
received his
bachelors degree at
the University of
Pennsylvania.

Dr. Wittenberg's unique exercise program 40 years ago at the
AJAHEC brought national attention to Health Care. His
patients felt that his care was second to none. His office
was a destination for patients from across the state and
across the country. Dr. Wittenberg was a man whose
career was marked by his dedication to helping and
improving the lives of others. His patients often said that
he was a true healer, a man whose care was unmatched
in the medical field. His dedication to his patients,
caregivers, and community was truly remarkable.

Psalm 23

The Lord is my Shepherd; I shall not want.
He maketh me to lie down in green pastures;
He leadeth me beside the still waters.
He restoreth my soul;
He leadeth me in the paths of righteousness for His name’s sake.
Yea, though I walk through the valley of the shadow of death, I will fear no evil; for Thou art with me;
Thy rod and thy staff, they comfort me;
Thou preparest a table before me in the presence of mine enemies;
Thou anointest my head with oil, my cup runneth over.
Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord forever.
When I Must Leave You

When I must leave you
For a little while-
Please do not grieve
And shed wild tears
And hug your sorrow to you
Through the years,
But start out bravely
With a gallant smile;
And for my sake and
In my name live on
And do all things the same,
Feed not your loneliness
On empty days,
But fill each waking hour
In useful ways,
Reach out your hand
In comfort and in cheer
And I in turn will comfort you
And hold you near;
And never, never
Be afraid to die,
For I am waiting for you in the sky!

Member Spotlight

Pam Thomas

Pam Thomas was raised in Blackville, S.C., where she presently lives. She spent four and a half years in the military, and another two and a half years in the reserves. Pam is the mother of two children. While in the Army, she learned the nursing skills that enable her now to be a scrub nurse in the Labor and Delivery Operating Room at University Hospital. Pam has been a member of Health Central for two years. She went from a size 20 to a size 14 in about one and a half years, and has managed to keep off the weight for almost eight months. She has noticeably reduced her body fat.

She enjoys participating in the step aerobic and spinning classes. Pam is also active in weight training. We are very pleased with Pam’s progress at Health Central.

Vijaya LaLoya Simpkins

"V.J." Simpkins was born in Washington D.C. She is the adopted daughter of Francis and Betty Mae Simpkins of Augusta. V.J. grew up in Augusta. She earned her liberal arts degree from Spartanburg Methodist College and Shenandoah Conservatory College.

At Shenandoah Conservatory, she was a voice major with a concentration in music therapy. She worked with the Richmond County Board of Education and in retail until 1989 when she was diagnosed with multiple sclerosis. She has been in a wheelchair since 1992. V.J. began her membership at Health Central in 1999. She said Health Central’s affiliation with University Hospital and the encouragement and sponsorship of her good friend, Delane Maxwell (also a Health Central member), were the reasons she chose Health Central. V.J. says she especially loves her personal training and her trainer’s cuteness has encouraged her to make amazing progress. We look forward to her witty comments and cheerful attitude.

Dr. Morton Wittenberg

Dr. Morton Wittenberg was born in Philadelphia and has lived in Augusta for 48 years. He served in the Navy at the end of World War II on the USS Omaha. Upon discharge, he met and married Boots Brahin. They have been married for 52 years. He received his Doctor of Podiatry Medicine degree at the Illinois College of Podiatry Medicine in Chicago.

Dr. Wittenberg started his exercise program 40 years ago at the old YMCA. He is a charter member of Health Central. He jogged for 35 years until he had two hip replacements. His best sport was handball. He recalls times when only one or two people in the city could beat him. Up until his 71st birthday, he would ride his age in miles on a bike in a single session. He really enjoys the members at Health Central and his "torture sessions" (personal training). His personal trainer says that Dr. Wittenberg is a beast who can lift the entire stack on two leg press machines, and does "rows" with 95 pound dumbbells. His dedication to exercise five times per week, here at Health Central and away, is exemplary.

For my Dad

Shalom to all of you and to those from afar in Israel and elsewhere and to Uncle Al in Colorado. Thank you all for being here today. My parents left a legacy. My mother came up with ideas and my Father helped make them happen. His favorite singer was Frank Sinatra and his song “My Way” pretty much summed up how he approached life.

He was called the Birdman because he ate sunflower seeds and those at his health club would say he was an inspiration because he was peddling or swimming for an hour in his eighties. My Dad was still working at 88 years old. He was a very giving person not only with money but with time – to the Temple, to Israel, to people of all races and creeds, to the various cultural organizations in Augusta, to town government as a city council member, to his podiatry practice, and to his family. When their health permitted, my parents were at all family events both happy and sad.
I remember my Dad as being very loud and opinionated but he also had a soft touch. He loved animals, listening to music and going to concerts, reading medical literature but also history and philosophy, and caring for people. So many examples but the one I remember most is that for two and a half years after my Mom got advanced dementia, for the whole time, he rode his golf cart to see her and feed her at noon and 5 pm. His only diversion was to play poker with his buddies at Brandon Wilde on Tuesday and Thursday nights. He was a good man.

For the last 40 years, at 11 am on Saturday I would call my parents from wherever I was. My Dad might answer the phone and when I would say “How are you?” he’d say “Fine, here’s your Mom”. Even after she’d passed away, I’d say “How are you?” and he’d say “Fine. Have a good week”. I guess he didn’t like talking on the phone – we kept up with emails and Facebook.
The last thing I’d always say to him after a call or a visit was “L’hit” which means L’hitraot or “Till we meet again”. So, Dad – “L’hit”. I’ll see you again sometime with Mom, Bart, John, Buddy your dog, and all of the others that went before you. Your memory and your legacy is a blessing and we love you.
